## Office of State Examiner

### HELENA

---

Helena, December 28, 1920.

Honorable S. V. Stewart,  
Governor of Montana.

Sir:

As required by Section 209, Article II, of the Revised Codes of 1907, and Section 65, Chapter 89, of the 1915 Session Laws, I have the honor of submitting the twenty-sixth annual report of the State Examiner and the sixth annual report of the Superintendent of Banks, for the fiscal year ending November 30, 1920.

The report embraces a statement of the receipts and expenditures of this office, a detailed statement of the receipts, disbursements and balances of the various counties, the financial statement of the Building and Loan Associations, and a statement of each State and Private Bank, as shown on the call of November 15, 1920.

Four new counties have been organized during the year as follows: Liberty, Daniels, Judith Basin and Golden Valley, making a total of 54 counties.

There are now 6 cities of the first class, 6 cities of the second class, and 28 cities of the third class, 13 towns with a population of more than 700 and 52 towns with a population of less than 700, making a total of 105 cities and towns.

There are 24 Building and Loan Associations.

We began the year with 278 State Banks and Trust Companies and 8 Private Banks and there has been no change in the number during the year.

#### EXPENSE (State Examiner's Office)

Loss .....		\$ 7,840.38	
Banking Department, Expense for year ....	26,063.39		
Fees for year .....	19,969.48		
Loss .....		\$ 6,093.91	

Without question this is the most disastrous year through which the state has passed. While the average for all crops this year was fairly good, some sections of the state show a total loss, making the fourth successive crop failure; added to this the great depreciation in the value of all farm products has not only wrought hardship on the farmers and stockmen, but has caused considerable embarrassment to many of the banks, owing to the fact that they have strained their credit to carry the farmers and stockmen over the hard times of the past four years.

The call of September 8, 1920, showed that the amount of money borrowed by the state banks reached the highest point in the history of the state, showing a total of \$16,886,122.15. • The highest point for 1919 was in September, 1919, showing a total of \$4,786,322.78. The call of November 15, 1920, showed a decrease to \$14,608,052.17. The small decrease is due to the fact that the farmers have refused to sell their grain at the prevailing low price, and in consequence are neglecting to meet their obligations, which, as stated above, is causing considerable embarrassment to the banks.

The Citizens State Bank of Scobey was compelled to suspend on October 18, 1920, owing to its inability to make collections, and I very much fear that others may be compelled to do likewise.

I herewith submit a statement concerning the growth of banks during your administration that may be of interest.

In the beginning of my term the first call was made on April 4, 1913, showing there were 143 State Banks and 23 Private Banks with resources of \$56,088,371.63. On call of November 15, 1920, there were 278 State Banks and 8 Private Banks with resources of \$124,271,195.95. During this time there were 162 charters granted to State Banks, 2 permits to Private Banks; 34 State Banks and 1 Private Bank converted to the National System; 1 State Bank converted to a Private Bank; 16 Private Banks converted to State Banks; 1 Private Bank liquidated; 4 consolidations were made; 3 banks closed and receivers appointed, viz.: Bridger State Bank, Bridger; Farmers State Bank, Bridger, and the State Savings Bank, Butte.

I congratulate you upon the success of your administration and assure you that it has been a great pleasure to me to have been able to serve you, and I thank you for your generous and courteous treatment of me during all of the strenuous times we have passed through, especially the past four years.

Respectfully submitted,

H. S. MAGRAW.

State Examiner and Ex-officio Superintendent of Banks.
